Group Health and Safety Management Policy Local Organisation of Health and Safety14

23. Group Health and Safety Topic Policies15

1. Overview

- 1.1 This document is United Learning's Group Health and Safety Management Policy. It details the management arrangements in place for the protection and promotion of excellent standards in occupational health and safety.
- 1.2 All schools, nurseries and central office locations are required to work in accordance with the roles and responsibilities detailed in this documents and the operational requirements detailed in the subsidiary topic policies (see [Section 24](#)).
- 1.3 Effective health, safety and welfare management is not about ticking boxes, or filling out forms. It is about providing a work environment in which people are happy, safe, and healthy; all of which help to make United Learning an employer of choice.
- 1.4 Throughout these documents the term 'Site' is used to refer to schools and central office locations and operations.
- 1.5 Adhering to this policy and the subsidiary topic policies will ensure compliance with ISI and Ofsted requirements in relation to occupational health and safety. Should ISI or Ofsted raise any concerns in relation to the various policy requirements, the Inspector should be directed to the Group Health and Safety Manager for resolution.
- 1.6 A full list of Group health and safety policies is shown in [Section 23](#). These documents have been produced either where there is an explicit statutory requirement relating to the topic e.g. asbestos, or where the topic is a priority risk area in the education sector e.g. educational visits.
- 1.7 All health and safety policies are published on [United Hub's Policies Portal](#), and Health and Safety Coordinators are notified of any changes via Health and Safety Briefing Notes, a library of which can also be found in the [Health and Safety](#) pages of United Hub.
- 1.8 The various health and safety policy documents are supplemented by guidance documents and templates in the [A-Z section](#) of the health and safety pages on United Hub.
- 1.9 Due to the differences in operation and structure compared to schools and nurseries, central office operates to a more specific health and safety management policy, but one which mirrors the requirements detailed in this policy and the associated topic policies.

2. General Documentation Requirements

- 2.1 Without prejudice to the requirements detailed later in this policy and the subsidiary topic policies, all Sites are required to hold the following information in a format easily accessible and available to all staff relevant to the current academic year/period of review:
 - A signed copy of the '[Group Health and Safety Statement of Intent](#)' displayed in a prominent location
 - A localised '[Organisation of Health and Safety](#)' and '[Health and Safety Topic Policy](#)' document, signed by the Head Teacher and Chair of the LGB

- A copy of HSE's Health and Safety Law Poster, completed and displayed in a suitable location
- The localised procedural documents required as per the Group Health and Safety topic policies including any site devised pro-forma
- The risk assessments relevant to all Site operations

2.2 Only the current '[Group Health and Safety Statement of Intent](#)' of Intent needs to be published on the school's website

3. Structure of the Group Health and Safety Management Policy

3.1 The United Learning Group Health and Safety Policy is divided into three areas.

3.2 Part 1 Statement of Intent

3.3 This is the declaration by United Learning's Chief Executive Officer and Chair of the Group Board regarding the commitment made to the health, safety, and welfare of employees, students/pupils and any other premises users. A copy is available in the [United Hub Policies Portal](#).

3.4 Part 2 Organisation

3.5 This section contains the details of each individual employee's role and responsibilities in relation to health and safety. Sections 5 to 20 contain general duties applicable across the Group. The '[Local Organisation of Health and Safety](#)' must be completed and populated with the names and roles of those with the specific duties contained within.

3.6 Part 3 Arrangements

3.7 The arrangements section details the monitoring and review arrangements that are in place for occupational health and safety. This section also contains the standalone [Group Health and Safety Topic Policies](#).

3.8 At the end of this section is a declaration to be signed by the school's head teacher and Chair of the LGB. This document (in its entirety) may then be published on the school website if so wished. There is no requirement to publish individual policies or local management arrangements relating to health and safety.

3.9 This localised Policy must be published locally and communicated to all relevant staff at suitable intervals (usually annually) or whenever any significant changes are made. A copy must also be returned to the Group Health and Safety Manager at the start of each academic year.

3.10 For independent schools, ISI require that policies relating to health and safety are 'made available' to interested parties. There is no requirement for individual health and safety policies to be published on the school's website, however, schools should still ensure that they have local documentation in place for each of the topic policy areas as relevant to their operations and that these can easily be presented to all interested parties, including ISI inspectors, as required.

Group Health and Safety Management Policy

Statement of Intent

4. Statement of Intent

- 4.1 Please refer to the signed [H&S Statement of Intent](#) for the current academic year.

United Learning Health and Safety Policy Statement

Supporting Principles

1. It is expected that all those who work with or for United Learning will:
 - 1.1. Attend appropriate induction training/briefing in addition to any specific health and safety training deemed necessary either by the Group, or at School level. The purpose of the induction training/briefing is to promote employee understanding of that which is necessary to meet their health and safety duties when undertaking work on behalf of United Learning.
 - 1.2. Feel empowered to intervene or support individuals who intervene or stop an activity because they believe it is unsafe.
 - 1.3. Make a personal commitment to maintaining health and safety standards.
 - 1.4. Take time to read and understand relevant information provided to them about hazards, risks and preventative measures.
 - 1.5. Understand their role in effectively maintaining and responding to emergency arrangements.
 - 1.6. Accept constructive intervention in a positive manner when any member of staff takes action to stop an unsafe act.

2. United Learning's operating arrangements rely on:
 - 2.1. Those with responsibility for others, to lead by example in promoting a positive health and safety culture
 - 2.2. All safety rules and arrangements being communicated to all employees in a clear and simple way
 - 2.3. Specific procedures being developed where necessary, to reflect policy requirements and support safe working
 - 2.4. Responsibility and accountability for health and safety following an auditable system of delegation
 - 2.5. The incorporation of health and safety considerations and appropriate controls into the procurement procedure
 - 2.6. The Group following an appropriate health and safety improvement plan

United Learning

Health and Safety Statement of Intent

2021-22

The **Trustees of the Group Board** recognise and accept their responsibility, as the employer for all United Church Schools Trust (UCST) and United Learning Trust (ULT) employees, to provide workplaces and work practices which are safe and healthy for employees, pupils, and visitors - including contractors or anyone else who might be affected by our operations.

Trustees are especially mindful that exposure to risk is an essential part of the education process. **United Learning** is committed to providing a learning environment that, whilst not unduly hazardous, provides all students with a stimulating experience that equips and prepares both children and young adults for life in the real-world.

The COVID-19 pandemic had a significant impact on operations in 2020-21. As we move into 2021-22, schools and central office will continue to ensure that the latest government guidance is followed at all times and support will be provided in the implementation of any control measures as may be necessary.

In all schools, the day-to-day responsibility for health and safety rests with the **Head Teacher**. At central office, the **Executive Team** share this responsibility. Overall, the **Chief Financial Officer** is the Executive with responsibility for health and safety compliance. The **Group Health and Safety Manager** is the person appointed under Regulation 7 of the Management of Health and Safety at Work Regulations 1999 to assist the **Chief Financial Officer** in fulfilling these responsibilities.

The **Group Health and Safety Manager** authors and reviews the Group Health and Safety policies, carries out monitoring and audit activities to establish and evaluate compliance with these policies, investigates significant accidents or incidents on behalf of the Trusts, and regularly reports on organisational compliance to **Trustees**.

United Learning operates a devolved system of operational control in its schools, guided by the overarching requirements of the Group's health and safety policies which are expected to always be followed. **Trustees** acknowledge the operational flexibility required in each school and accept the risk gap this approach creates. Should non-compliance be identified **the Trust** reserves the right, as the employer, to take control of school operations as may be necessary to ensure no persons are placed at unacceptable risk.

Each school has a **LGB Representative for Health and Safety** who represents the **Local Governing Body** at the school's termly **Health and Safety Committee** meetings. The **Head Teacher**, alongside the **LGB Representative for Health and Safety** reports to the local governing body on health and safety matters, which are a standing agenda item at local governing body meetings.

Employees are reminded of their own duties to take care of their own personal health and safety and that of fellow employees, pupils and any other persons who might be affected by their work activities.

Details of the organisation for health and safety management and the arrangements for policy compliance are to be found in each site's localised Group Health and Safety Management Policy and its subsidiary topic policies. All **United Learning** employees are expected to adhere to the supporting principles shown overleaf.
